Better e-Learning for All
"Better-e"

Newsletter 1

This Project has been funded with support of the Erasmus+ program of the European Union. This publication reflects the views only of the author, and the commission cannot be held responsible for any use which may be made of the information contained therein.

Better-e is a KA2 Strategic Partnership project funded by European Commission under ERASMUS+ Adult Education Programme. Partner institutions from five EU countries (TR, PT, GR, IT, UK) are responsible for the development of the project.

The Project aims to create better e-learning by reducing social barriers, to empower people through adult education, to help e-learning providers to overcome the problems of e-learning environments in adult education in Europe in general and the project partners' countries.

Better e-Learning for All "Better-e"

Erasmus + Program Adult Education

KA2 Strategic Partnership Project

The Better-e Partnership presents its 1st Newsletter

The 1st Meeting (Kickoff) of Better-e Project started with the participation of partner countries' delegates in January, 2016 in Elazığ, Turkey.

Firat University, as the host partner, made a welcome speech and thanked to the partners for their participations and then, the project partners introduced their institutions by using power point presentations.

The guidance and the vision of the TR/NA expert who took part in our meeting on behalf of Turkish National Agency, the problems and their solutions to be occurred in the implementation of the project, financial management of the project, preparing and composing intellectual outputs and questionnaires for needs analysis were discussed. All partners had an idea on the implementation of the project.

Partners discussed about the topics which had to be studied under the Project in order to form "Better-e Project", web-pages in all partners' languages, to provide the progress of the project in adult education, to prepare the need analysis questionnaires.

After the discussions, it is agreed that;

- ✚ Creating a link in the partners' formal web sites for the connection and Project information.
- ✚ For active use of social media, creating Facebook, LinkedIn etc. accounts in the frame of dissemination and valorisation activities.
- ✚ Creating a web page for Better-e Project.

- ✚ For better introduction of the Project, preparing promotion materials such as folder, fliers, pens, notebooks etc.
- ✚ Forming Quality Management Plan.
- ✚ all Project activities will be carried out in the time schedule in the IOs.

The partners promote common meetings in order to discuss the Project and to pay clear attention to the ongoing achievements and followed pathways.

In this 1st Better-e Newsletter we provide a special focus on the Turkish Partners, Firat University.

Firat University

Firat University is an institution that gives education services in different areas (engineering, vet, teacher training etc). Nowadays, the university has 16 faculties, 3 colleges, 1 state conservatory, 9 vocational schools of higher education, 4 institutes and 23 research centres. Beside the main campus, Firat University serves VET in neighbour towns, Baskil, Karakoçan, Kovancılar, Keban and Sivrice, where some of the vocational schools are located.

Firat University has expertise and experienced staff in the subjects of vocational and technical education, trainers' training in both vocational and formal education, distance education, online learning systems,

course design and curriculum development, informational technology, development of learning and teaching.

Firat, in the frame of the project, is the responsible to obtain needs of adult education learners joined in any on-line course, preparing needs analysis, questionnaires, assesment of the materials, definition of the common methodology and dissemination and valorisation of the obtained report.

In addition, Firat is responsible for conducting the research, translation of web-site and final product into English, realisation of pilot study with the target group, dissemination of the results and final evaluation.

Firat is also responsible for continuous tests, evaluation and feedback on developed and implemented modules and components of the project. Obtained information during the project circle will be broadcasted by Firat University in a TV program and this will contribute a great promotion in dissemination and valorisation activities in the project.
